

# That's your style

- 1** Modern Traditional  
You love classic formal design but also love to keep your family heirlooms as long as they have similar lines. Your style borrows from both traditional and modern design and is ultimately about comfort and warmth, calm and soothing colors. Light and bright colors and small patterns in textiles fits to you.
- 2** Contemporary  
You like it casual and comfortable, your rooms are inviting and warm with soft lighting and cozy materials. Your style is creamy whites, all kind of neutrals, light blues, reds and olive green, nothing too crazy, softened and rounded lines.
- 3** Industrial  
You love rustic details but comfort is also very important to you. You love leather combined with metal and texture and also wood finishes, with a rough and unfinished look. Your colors are all sorts of grays, dark blues and black but in combination with metal it doesn't get boring.
- 4** Happy Collector  
You love to mix up different styles, collect whatever you like and bring it all together with an overall color. Different patterns go easy for you, you know how to create a very stylish mishmash in your home. You are a flea market shopper and that's where you find treasures for your home.
- 5** Modern  
You love it all modern, clean lines and reduced forms. Your home reflects a well composed picture, minimalism in a charming way. You add color with accessories or textiles for a pop to make the look more interesting. Try an accent wall with wallpaper or a bold color, fits perfect to this style.
- 6** Simple chic  
You love the essentials but also elegance and luxurious textures. You find this style in Scandinavian designs. You love white walls which make the room airy and fresh. Weathered wood and white linens fit to your style. White, cream, pale gray and pastels are your colors.
- 7** Classic  
You love everything that is classic and will never go out of style. You like to add some interesting details to your decor which can be exchanged easily. This style is safe and clean and timeless. You like soft neutral colors and dark accents for some spark.
